Scott Kurzynski was not present to contest the snow removal charges that he received for his property located at 434 S. Central Avenue. City Clerk Hall explained that he called her and was very upset with the charges and with the City. He was going to apply for a Downtown Marshfield Façade grant so he could make some improvements to his building but now he is going to take that money and pay these invoices and he is done with the City. Since Mr. Kurzynski was not present to contest his charges no action was taken.

Pat Schreiner of Schreiner's Inc. filed a claim with the City alleging that a City bobcat ripped the carpet near the handicapped ramp on December 1, 2008. The claim was filed with the City's insurance company, Midwest Claims Service. They have completed their investigation and are recommending that the City of Marshfield deny this claim.

The basis of the denial is due to the fact that there is no negligence on behalf of the City of Marshfield. According to Brian Panzer with the DPW department, the tire treads do not match City vehicles. Furthermore, he stated the claimant has his own crew for snow removal. The claimant contends he does not have any bobcat type equipment with similar treads. Regardless, the tire treads are not enough to prove that the vehicle with these treads caused the damage to the carpeting. Their investigation found no evidence to support the claimant's allegation that the City was responsible for the damage.

JLC10-015 Motion by Krueger, second by Feddick to deny the claim of Pat Schreiner of Schreiner's Inc. as recommended by Midwest Claims Service pursuant to the Wisconsin Statute for disallowance of claim 893.80 (1g).
