Scott Plechaty filed a claim with the City of Marshfield, alleging that City employees damaged his water main shut off valve while digging in a ditch near his home. The claim was filed with the City's insurance company, Midwest Claims Service. They have completed their investigation and are recommending that the City of Marshfield deny this claim.

The basis of the denial is due to the fact that there is no liability on the behalf of the City. There is not enough evidence to prove that City employees struck and damaged the claimant's water shut off valve while digging in the ditch near his home. Pictures of the water shut off valve show that it was rusty and most likely broke due to deterioration and/or wear and tear.

JLC10-166 Motion by Feddick, second by Hendler to deny the claim of Scott Plechaty as recommended by Midwest Claims Service pursuant to the Wisconsin Statute for disallowance of claim 893.80 (1g).
