PUBLIC COMMENT PERIOD

The following spoke about the proposed chronic nuisance ordinance, Ordinance No. 1081. Members of the Marshfield Apartment Association would like to work with the City in drafting this ordinance. They would like to be notified after the first offense. The tenants should be paying the fee and not the landlords. This ordinance might not even be needed if the housing providers were given the proper

tools. List the police calls on the city's web page than the landlords could keep track of their own properties by knowing what is going on there.

Second reading of Revised Ordinance No. 1082, regarding feeding of deer.

Attorney Hutchinson made one correction to the ordinance. In paragraph 1, (a) (3) delete the phrase "in a manner intended".

CC06-373 Motion by Spiros, second by Buttke to approve Ordinance No. 1082 as amended.

Discussion was held on this ordinance.

Alderperson Beaudry indicated that he was going to vote no on this ordinance. Although he agrees that there is a deer problem he doesn't feel that a deer feeding ordinance is the way to go about it. There are too many unintended consequences that can come back and hurt the person who is not intentionally trying to feed deer on this. It is not clean enough at this point.

The majority of the Council felt that something needs to be done regarding the deer problem in the city and this ordinance is a good start. If this doesn't work than they can look at something else but a first step needs to be made.

Alderperson Feddick agrees that there is a deer problem but she doesn't feel that this ordinance will help. It will only complicate matters. We already have a nuisance ordinance so the deer and the feeding of deer should fall under that category too.

There are still many questions and/or concerns regarding this ordinance.

Police Chief Stroik commented that he would offer some of his staff as well as himself to work with a group to continue pursuing this ordinance.

Mayor Meyers said that the best choice would be to sit down as a group to come up with something that is workable. Obviously there are a lot of holes in this ordinance. The Mayor's office will facilitate these meetings and if anyone has an interest in participating in these meetings, they are to contact his office.

Bob Weis from the Marshfield Area Apartment Association said that his association would like to be involved in the drafting of this ordinance.
