****PLEASE NOTE: Any work started prior to the installation of erosion controls is subject to an automatic \$ 100.00 fine****

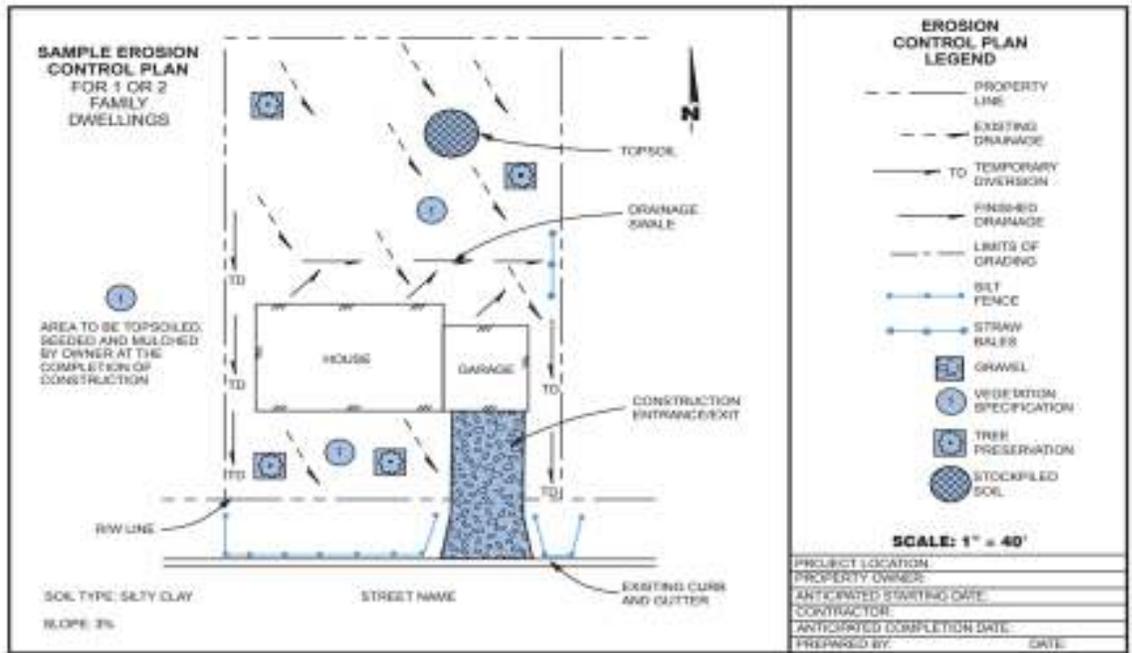

By submitting this application, the applicant is authorizing the City Engineer or his designee to enter the site to obtain information required for the review of the Erosion and Sediment Control Plan. The applicant shall be informed within 30 days of the receipt of a complete permit application whether the application was approved or disapproved. The City of Marshfield requires any tracking of soils onto municipal streets to be cleaned and removed daily. Failure to remove these tracking materials will constitute a violation of municipal code and shall be subject to fines and costs incurred. An approved permit shall be valid for a period of 180 days, or the length of a building permit or other construction authorizations, whichever is longer, from the date of issuance. A copy of the Erosion and Sediment Control Plan must be kept on the construction site.
