A discussion was held on what the procedure should be with introducing ordinances.

Municipal Code 3-66 (c) states that the Judiciary, License and Cemetery Committee shall also have the duty of supervising the preparation of the Code of Ordinances and the general supervision of the preparation of all ordinances proposed for adoption by the council unless otherwise designated by the council.

This code has not been followed. The current practice is that ordinances go directly to the Common Council for a first reading instead of being referred to this committee.

Alderperson Wagner said it would be too cumbersome to have every ordinance go through the Judiciary, License and Cemetery Committee but he felt that Charter Ordinances should start with this committee.

Alderperson Krueger commented that the Judiciary, License and Cemetery Committee only has three members and if two voted against an ordinance it would fail. He felt that all ordinances, including charter ordinances, should go directly to the Common Council.

JLC06-000 Motion by Krueger to continue with the current practice of having all ordinances, including charter ordinances, start with the Common Council.
Motion died for lack of a second.

Alderperson Anderson felt that charter ordinances are specialized ordinances that need more attention. He also felt that charter ordinances should start with this committee.

JLC06-085 Motion by Wagner, second by Beaudry to amend Municipal Code 3-66 (c) so that it only pertains to charter ordinances. Krueger voted Naye, rest Aye.
