Aaron and Julie Danielsen filed a claim with the City alleging their five year-old daughter, Hannah Danielsen sustained bodily injury when she slipped and fell off of a balance beam while participating in a gymnastics program sponsored by the City of Marshfield Parks and Recreation Department on February 23, 2011. Mr. Danielsen alleges that the gymnastics' instructor was not close enough to his child at the time of this incident and failed to prevent the fall. The claim was filed with the City's insurance company, Midwest Claims Service. They have completed their investigation and are recommending that the City of Marshfield deny this claim.

The basis of the denial is that there is no negligence on behalf of the City of Marshfield. Their investigation has revealed that certain alleged facts regarding duty or causation are in dispute or unproven. The instructor will testify that she was walking next to the child at the time of this incident. She was unable to predict the fall and unable to catch the child.

JLC11-071 Motion by Wagner, second by Feddick to deny any liability regarding the claim of Aaron and Julie Danielsen as recommended by Midwest Claims Service pursuant to the Wisconsin Statute for disallowance of claim 893.80 (1g).
Motion carried
