Briefing by the Police Chief on what the policy is on doing compliance checks at a private wedding. There is no policy as it relates to something like that. They operate under the state statute and guidelines as it relates to any server who has a license to operate whether it is a Class A or Class B liquor license. In this situation the wedding reception was taking place at this location. They were licensed to serve alcoholic beverages. They would have had a licensed bartender or somebody assisting that licensed bartender. They would have known what their obligations were as to not serving to underage people and they checked that location as they would virtually any other location within the City of Marshfield and found that they did in deed serve an underage person. If you exclude a location such as this simply because they are having a wedding reception other license holders within the City are going to claim foul that the City is treating them differently than others. Everyone needs to be treated fairly and equally.

Future Agenda Items
1. Beer permits issued to organizations for the Central Wisconsin State Fair.

Motion by Hendler, second by Feddick to adjourn at 5:09 p.m.
Motion carried
