**\*Underground Installations**

*Contractors MUST inform property owners of their responsibility to locate private facilities. These facilities include but are not limited to: sprinkler systems, downspout drains, outbuilding feeds, power to supplemental lighting, propane lines, private gas lines, sump pump drains, sewage line, well pump wires, pet fences and electronic security.*

*Contractor must also inform owner that final landscaping will be the responsibility of the owner. Marshfield Utilities will try to limit the amount of damage done but all flora and landscaping that is to be saved shall be removed from the area prior to work. I certify that the property owner has been informed of their responsibilities.*

*This Certificate is to absolve Marshfield Utilities from any liability resulting from the non-compliance of any such electrical work with the requirements of Wisconsin State Electrical Code.*

*Signature below shall indicate he or she is the electrical contractor or wireman who completed the wiring at the above listed address and that all of the electrical work done or performed fully conforms with the requirements of Marshfield Utilities – Electric Service Manual, the Wisconsin State Electrical Code, and all local government requirements. Energizing the described wiring will in no way create a hazard.*

*This written statement is made according to and in compliance with the provisions of Sec. 101.865 of Wisconsin Statutes and Marshfield Utilities rules. Any person who violates the provisions of Section 101.865 is guilty of a misdemeanor and shall be fined not less than \$25 nor more than \$100 or imprisoned in the county jail for not less than 30 days nor more than 6 months.*
