

How to Use Map Viewer to Find Zoning District

1. Go to <https://comgis.ci.marshfield.wi.us/MPV/>
2. Please read the disclaimer and click the box to agree to the terms and conditions.
3. Type in your address or parcel number in the search bar (highlighted in picture below) in the top left hand corner of the screen.

4. Go to the layer list which is located on the tabs list in the top right hand corner. The icon shows three squares stack on top of one another (shown as red circle in picture below). Now scroll down the list and click the box before Current Zoning (highlighted below). Click on the drop down button to find the correct zoning district.

5. The map will now show which zoning district your property is located on. The zoning districts include:
