**ADULT SCHOOL CROSSING GUARD RECOGNITION WEEK:  
JANUARY 9-15, 2017**

Each day dedicated adult crossing guards in our city show up at their assigned crossings to assist students in their journeys to or from school. The City of Marshfield honors our adult crossing guards for their commitment to child pedestrian safety during School Crossing Guard Recognition Week.

Adult school crossing guards play a critical role in keeping students safe as they walk to and from school each day. According to the National Highway Transportation Safety Administration, approximately 1,000 children between the ages 5 and 9 are killed each year in pedestrian accidents. Adult school crossing guards place the children’s safety above their own by ensuring all traffic is stopped before students enter the roadway while facing speeding motorists, cell phone users and others disregarding traffic signals.

As part of the week-long celebration parents, students, teachers and school administrative staff are encouraged to give thank you cards, or simply say “THANK YOU” to school crossing guards who live by the moto “Safety is First with Us Every Day.”

**PASSING SNOWPLOWS AND EMERGENCY VEHICLES**

There are no state laws that prohibit you from passing a snowplow. However, it is illegal (state statute 346.915) to follow a snowplow closer than 200 feet upon any highway having the posted speed limit of more than 35 miles per hour if the snowplow is engaged in snow and ice removal. This does not apply when overtaking and passing a snowplow. But if the operator of any vehicle upon a highway, having a posted speed limit of more than 35 miles per hour, follows the snowplow more closely than 200 feet for one mile or more or follows more closely than 200 feet when the snowplow is moving at the maximum speed limit of the roadway, this is convincing and legal evidence that the operator of such following vehicle is violating this law.

The majority of crashes involving snowplows and vehicles happen when a snowplow is rear ended or hit while being passed. Snow plows have wing plow blades that can extend anywhere between two (2) and ten (10) feet beyond the width of the truck. This wing plow blade is often not seen because of the snow cloud being kicked up by the snowplow. These wing plows can often weigh as much as a compact car.

There are three safety rules that are worth following:

1. Give snowplows plenty of room to work. They are big and hard to see around.
2. Don't pass a working snowplow—they can throw up a cloud of snow that could cause a whiteout and disorient you.
3. Also, it is tough for snowplow drivers to see you. Don't crowd the plow. Make sure when behind a plow that you can see the driver's mirrors so he can see you. Remember, it is the law that you stay at least 200 feet behind a working snowplow.

One of the major hazards emergency workers and road crews face is being struck by passing motorists while the workers are performing their duties, and their emergency vehicle/machinery is parked with its flashing lights activated.

Wisconsin law states that the operator of any vehicle which approaches an emergency vehicle, such as a police squad, ambulance, fire truck, tow truck, or road machinery must do one of the following:

- Move into another lane if the roadway has at least two lanes, or
- Reduce speed until completely past the vehicle or machinery if there is only one lane or if it is unsafe to change lanes.

You can keep emergency workers and road crews safe by reducing speed and allowing as much room as possible as you pass. <http://www.511wi.gov/web/>

**TAX-RELATED IDENTITY THEFT**

Tax-related identity theft occurs when someone uses a stolen Social Security number to file a tax return to claim a fraudulent refund. A taxpayer's SSN can be stolen through a data breach, a computer hack or a lost wallet. Although identity theft affects a small percentage of tax returns, it can have a major impact on victims by delaying their refunds.

Here are some tips to protect you from becoming a victim and steps to take if you think someone may have filed a tax return using your name and Social Security number:

Tips to protect you from becoming a victim of identity theft:

- Don't carry your Social Security card or any documents that include your Social Security number (SSN) or Individual Taxpayer Identification Number (ITIN).
- Don't give a business your SSN or ITIN just because they ask. Give it only when required.
- Protect your financial information.
- Check your credit report ever often. There is a website available for you to access your report at [www.annualcreditreport.com](http://www.annualcreditreport.com).
- Review your Social Security Administration earnings statement annually.
- Secure personal information in your home.
- Protect your personal computers by using firewalls and anti-spam/virus software, updating security patches and changing passwords for internet accounts.
- Don't give personal information over the phone, through the mail or on the internet unless you have initiated the contact or you are sure you know who you are dealing with. Also when on the internet, use websites that start with **https** which means the site is secure.

**PHARMACEUTICAL TAKE-BACK PROGRAM**

The Marshfield Police Department in conjunction with the Marshfield Groundwater Guardians is a permanent collection site for unwanted/unused or outdated pharmaceuticals. The Marshfield Police Department located at 110 West First Street is a 24-hour drop-off site. The best time, however, to drop items off is during normal business hours Monday through Friday between 7:30 a.m. and 4:30 p.m. when office staff is available to assist with collection of the medications and answer any questions that may arise.

Items collected include pills, syrups, salves, and creams.

Items not collected include inhalers, oxygen tanks, nitroglycerin, nebulizers, and radioactive cancer medications.

- **As of August 2016 we now are able to accept sharps**: they can be placed in the secured wooden box in the inner lobby of the Police Department to the left of the current prescription drop off location.

This service is free of charge to the public. Pills may be placed separately in a plastic bag or left in their original containers. For privacy purposes, it is recommended marking out the patient's name and/or prescription number.

If you have any questions about how best to dispose of inhalers, nebulizers, nitroglycerin, and radioactive (chemotherapy) cancer medications, please talk to your pharmacist.

**SUICIDE PREVENTION**

According to the U.S. Department of Health and Human Services, at least 90 percent of all people who commit suicide suffer from one or more mental disorders such as depression, bipolar disorder, schizophrenia, or alcoholism. Depression in particular plays a large role in suicide. Suicidal people may have difficulty imagining a solution to their suffering due in part to the distorted thinking caused by depression.

Most suicidal individuals give warning signs or signals of their intentions. The best way to prevent suicide is to recognize these warning signs and know how to respond if you spot them. If you believe that a friend or family member is suicidal, you can play a role in suicide prevention by pointing out the alternatives, showing that you care, and starting the process to get them some help.

Suicide prevention tips:

- Speak up if you are worried.
- Respond quickly in a crisis.
- Offer help and support.

Common suicide risk factors include:

- Mental illness.
- Alcoholism or drug abuse.
- Previous suicide attempts.
- Family history of suicide.
- Terminal illness or chronic pain.
- Recent loss or stressful life event.
- Social isolation and loneliness.
- History of trauma or abuse.

If you or someone you care about is considering suicide, there are many resources out there to get you help. Here are just a few options:

- In an emergency dial 911
- Wood County Crisis Intervention 715-384-5555
- United Way’s First Call dial 211

**FAKE VACATION/RENTAL PROPERTY DEALS**  
**AND OTHER ONLINE CLASSIFIED AD RISKS**

Online classified advertisements on websites like Craigslist, Etsy or eBay Classifieds are a double-edged sword. On one hand they offer a convenient means of setting up transactions like buying or selling goods, posting or finding jobs, and listing or seeking rental properties. But on the other hand, the open nature of these sites that appeals to their users also appeals to scammers. If you are looking online for a rental property and find an unreal deal, be very, very cautious.

Imposter scams are the primary way con artists use these sites to victimize the public. Fraudsters regularly post fake ads for rentals, employment opportunities and products for sale. According to Craigslist’s safety page, most of these rip-offs share a number of common characteristics:

- You are interacting by email or text with someone who is not in your area;
- The transaction begins with a vague initial inquiry, and the back and forth communications are riddled with spelling and grammatical errors;
- You are asked to make a payment by wire transfer, prepaid debit card, PayPal or another service that provides instant transactions that leave little trace; and
- The other party either refuses to meet or claims to be unable to meet face-to-face to complete the transaction.

Some tips to remember when dealing with another party through an online classified ad:

- If you are making a purchase or selling an item, deal locally and meet face-to-face with the other party in a public place. The Marshfield Police Department has an internet exchange zone located on First Street in front of the building, and some other police departments offer their station lobbies or parking lots as “safe zones” to use for the transactions (call your local police department to inquire before establishing it as the meeting point).
- Always be suspicious of over-the-top claims and too-good-to-be-true prices.
- Never wire funds to strangers or provide the code and PIN from a prepaid debit or gift card.
- Never rent a property sight unseen or provide information for a background check for a rental or a job until you have met a potential landlord or employer in person.
- If someone sends you a check and asks you to cash it and return a portion or send a portion to another person, it is a scam.

**CYBER AWARENESS TIP:  
THINK BEFORE YOU ACT  
AND  
KEEP AN EYE ON YOUR DEVICES**

Think before you act

Ignore unsolicited emails, phone calls or text messages that create a sense of urgency and require you to respond immediately to a problem...particularly one involving your bank account or taxes. This type of message is likely a scam. When in doubt, do not respond.

If you question the legitimacy of a message that claims to be from a business or government agency, call the organization directly to inquire.

Keep an eye on your devices

Always keep your mobile devices with you in public and never leave them out “just for a couple of seconds.” A couple of seconds is long enough for a thief to disappear with your expensive device and your even more valuable data like contacts, messages, schedules, photos, music and more. We advise you keep them locked up when not in use.

**CYBER AWARENESS TIP:**  
**THINK BEFORE YOU POST**

Did you know your fun-filled vacations could cause your grandma to get ripped off? Why? Criminals can use the information you share on social media sites to create a narrative that they weave into their scams.

Consider the infamous “grandparent scam”, where elderly citizens are called by a scammer claiming to be the person’s grandchild. The “grandchild” says they are on vacation, were in an accident, and need an immediate wire transfer to get out of jail or the hospital. Your social media account could provide a tremendous amount of info for a scammer to use in their script, such as your name, family members’ names, where you live and if you are away from home.

By viewing your profile and the pictures you have posted, the scammer knows you are away on vacation in\_\_\_\_ with your best friend\_\_\_\_\_. They can fill in the blanks, making for a much more believable con.

It is okay to share with friends and family on social media, but adjust the privacy settings for your accounts to block your content from strangers. Also, remember that sensitive information such as names, birth dates and social security numbers posted to social media accounts can be used by scammers to steal your identity.

**DOG/CAT LICENSING PROCEDURE**

Your pet must be vaccinated for rabies by a licensed veterinarian. The veterinarian will then issue you a rabies certificate explaining the vaccination and the expiration date. Rabies vaccinations are good for one or three years. At the time of vaccination you will also be given a rabies tag. This rabies tag is not a license.

Marshfield city ordinance states all cats and dogs living within the city limits of Marshfield and are five months of age or older must be licensed on an annual basis. The license requirement is for your safety to ensure that the animals have had their proper shots. The license is also used for the safe return of your pets if they are lost.

You will then take the “rabies certificate” obtained from the veterinarian to the City Hall Plaza, located at 630 South Central Avenue and go to the City Treasurer’s office located on the fifth floor. Upon showing your certificate to the person in charge, he/she will issue the proper license. The treasurer’s office is open Monday through Friday, 8:00 a.m. to 5:00 p.m. The cost is as follows:

Dog: Neutered/spayed = \$8	Dog: Unneutered/unspayed = \$16
Cat: Neutered/spayed = \$6	Cat: Unneutered/unspayed = \$12

If for some reason you cannot make it to the treasurer’s office during business hours, you may have a friend or family member license the pet for you. Remember, however, to have them obtain the license in your name.

The license runs from January 1 through December 31. By law all pets must be licensed by March 31. If licensed after that date, a \$5 late fee is charged. The license must be renewed every year. **THE FINE FOR FAILURE TO LICENSE IS \$124.**

Marshfield also has a City Ordinance 9.52(3)(d)1 which states that a household may not have more than two dogs, cats, rabbits, guinea pigs, without a special written permit provided by an ordinance officer, following an inspection of the premises has been conducted and no nuisance will be created.

**STEPPED UP IMPAIRED DRIVING ENFORCEMENT**

On the days surrounding St. Patrick’s Day and throughout the year, the Marshfield Police Department strives to prevent motorists from killing and injuring themselves and others on our roadways. Although we try to increase voluntary compliance with traffic laws—not to write more tickets or make more arrests—we will take enforcement action if voluntary compliance fails. Our goal is to reduce preventable traffic deaths to zero in Wisconsin because even one preventable traffic fatality is one too many.

If you go out to celebrate, the Marshfield Police Department recommends the following tips:

- Plan a safe way home before your celebrations begin.
- If you plan to get a ride home with someone else, designate a sober driver before any drinking begins.
- If you’re impaired, use a taxi or call a sober friend or family member so you are sure to get home safely.
- If you happen to see a driver who appears to be impaired on the road, don’t hesitate to contact your local law enforcement or call 911.
- If you know someone who is about to drive while impaired, take their keys and help them make other arrangements to get to where they are going safely.

The Marshfield Police Department strongly urges the public to help keep the streets safe this St. Patrick’s Day and every day by drinking responsibly and designating a sober driver before heading to the local pub.

**WILDLIFE BABIES IN THE CITY**  
**“If you truly care, leave it there”**

Life in the city can be a bustling adventure for people; imagine what life in the city must be like for wildlife. Every year, especially in the spring, new wildlife appears in the form of trees, leaves, flowers, birds that have migrated back, and newborn animals, particularly newborn fawns.

Every spring deer give birth to one to three fawns. They can be as small as three pounds when they are first born. They are weak, cannot walk well and do not have a scent for the first few days. They are born with spots and those spots along with the lack of a scent help the fawn to hide from predators. The fawns will seek cover after they are birthed. Does will leave their fawns for the better portion of a day to seek out food. The does WILL come back for their fawns; they have NOT been abandoned. If you come across a fawn, leave it alone. Do NOT touch the fawn or bring children by to see it as this creates stress in the fawn and will put it in danger. If a fawn is in obvious danger, such as being in the middle of the road or is injured, leave it there and call the Wood County Dispatch Center at 715-387-4394 and an Ordinance Control Officer will respond. Do NOT pick the fawn up or put it in a box and bring it to the police department.

It is natural to want to help baby animals. But that instinct to help may in fact harm the animal or break up a wildlife family. Baby wildlife may be harmed by human food so do not feed them. They should not be considered pets as they may carry harmful diseases and parasites which can spread to you or your pets. “The best gift you can give baby wildlife is to leave it alone, allow it to live as a wild animal and to be cared for by the one who knows best, its mother.”

**PET WASTE AND GARBAGE**

Pet Waste

Most pets need exercise such as a brisk walk around the neighborhood. For safety reasons when walking your pet, it must be under your control while held on a leash.

It is a violation of city ordinance to leave your pet’s defecation on any property other than your own. The waste must be picked up immediately, and it must be disposed of in your garbage. There have been many complaints of sidewalks, city parks, wooded areas, bike and walking paths, and schoolyards containing animal waste. Not only is this unhealthy and unsanitary, but you should think of others who may want to play or walk where your pet has defecated. It is also important that pet owners keep their property clear of pet waste.

If you let your animal defecate on property other than your own, and it is not immediately picked up, the result may be a fine of \$124 for the first offense, and \$187 for a second offense.

Garbage

City residents are reminded that municipal code prohibits the unsightly accumulation of junk or garbage in your yard. Examples of this would be unlicensed/non-running vehicles, tires, appliances, and other unsightly debris.

Weekly garbage containers shall not be set out more than 12 hours prior to day of collection and shall be removed no later than 24 hours after collection. The penalty for this is \$187.

Let us all work together to show visitors the pride we have in our city.

**PROM, CURFEW, AND UNDERAGE DRINKING**

Prom

As high schools in the area prepare for prom events, it is important that students act responsibly. Regardless of where you live, you are required to comply with the Friday and Saturday night curfew enforced in the City of Marshfield.

Curfew

Marshfield’s curfew ordinance is as follows:

- Children, age 12 and under, must be home prior to 9:00 p.m. every day of the week.
- Persons, age 13 through 15, must be home prior to 10:00 p.m. Sunday through Thursday, and 10:30 p.m. on Friday and Saturday.
- Persons, 16 and 17 years of age, must be home prior to 10:00 p.m. Sunday through Thursday and midnight on Friday and Saturday.

The only exceptions to the above are:

- If they are accompanied by one of their parents.
- If they are engaged in necessary errands for their parents.
- If they are doing something required by their jobs.
- If they are going to or returning from a school, church, or other approved activity.

Underage Drinking

There are various penalties for underage drinking, depending on age and prior violations. Anyone cited under the age of seventeen **must appear in court with a parent**. Typically this penalty will result in fines of \$187 (first offense) with loss of driving privilege.

Remember, “parents who host, lose the most”. It is illegal and dangerous to provide alcoholic beverages to anyone under the age of 21 who is not your child, no matter the reason or event. Hosting underage parties can result in fines of \$691 (first offense) up to \$6,361.

**SEVERE WEATHER AWARENESS AND EMERGENCY PREPAREDNESS**

The City of Marshfield emergency management has an **outdoor** emergency weather warning system consisting of sirens placed throughout the city. The sounding of sirens is a signal of severe weather approaching the Marshfield area. During a severe weather warning, tune in to local radio and television stations or \*Nixle for further information. **Please avoid calling the police department or central dispatch for weather information.** (Marshfield sirens are tested every Wednesday about 1:30 p.m. to make sure they are in working order.)

**Disaster kit:** Before the storm be prepared by having a disaster supply kit on hand. A disaster kit is a collection of basic items a family would probably need to stay safe and be more comfortable during and after a disaster. This kit should include the following.

- Three-day supply of nonperishable food and a manual can opener.
- Three-day supply of water (one gallon of water per person per day).
- Portable, battery-powered radio or television and extra batteries.
- Flashlight and extra batteries.
- First aid kit and manual.
- Sanitation and hygiene items (hand sanitizer, moist towelettes, and toilet paper).
- Matches or a lighter in a waterproof container.
- Whistle.
- Extra clothing and blankets.
- Kitchen accessories and cooking utensils.
- Photocopies of identification and credit cards.
- Cash and coins.
- Special needs items such as prescription medications, eye glasses, contact lens solution, and hearing aid batteries.
- Items for infants such as formula, diapers, bottles, and pacifiers.
- Tools, pet supplies, a map of the local area, and other items to meet your unique family needs.

**If a warning is issued or if threatening weather approaches:**

- Move to a pre-designated shelter, such as a basement.
- If an underground shelter is not available, move to an interior room or hallway on the lowest floor and get under a sturdy piece of furniture.
- Stay away from windows.
- If caught outside or in a vehicle, lie flat in a nearby ditch or depression.
- Mobile homes, even if tied down, offer little protection from tornadoes and should be abandoned.

\*Nixle is a service that allows you to receive trusted and up-to-date neighborhood information for where you live, work, visit or for where your family and friends are located throughout the country. This service is at no cost to you. You choose how you want to receive the information, whether it is over your cell phone by text message, email, or over the web. This service allows you to stay connected to what is happening in the communities and locations that are relevant to you. To join go to [www.nixle.com](http://www.nixle.com) to register.

### **TEXTING TIP LINE**

The Marshfield Police Department, Wood County Crime Stoppers, and the Marshfield Area Coalition for Youth have created the “Texting Tip Line”. The texting tip line gives children and adults the ability to text in tips of possible alcohol, drug, and criminal violations while remaining completely anonymous.

Just dial **274637** (CRIMES) and begin your text message with the key word **WCCS**. There is the potential of receiving a reward if the information proves credible and results in a successful investigation or arrest.

Wood County Crimes Stoppers has also created a page through Facebook. Please “Like” Crime Stoppers and refer back to get the latest news and to assist law enforcement in identifying suspects of various crimes.
