Topic: College Student Discussion on Community Planning with the City of Marshfield

Where: Mid-State Technical College – 2600 W 5th St, Room 105

When: Monday, November 21, 2016 at 12:00-1:00pm

Do you have a vision for your community?

Do you have a desire to share your ideas, hopes, and vision for the future of Marshfield?

Marshfield is in the process of updating the Comprehensive Plan - the City's master plan for the future, and the City's Development Services Department is providing an opportunity for you to be involved in the planning process. The Comprehensive Plan is updated every ten years, so this is a unique opportunity to share your input with City officials. To assist in that effort, Mid-State Technical College will be hosting a forum with Josh Miller, Marshfield City Planner, to get feedback, focusing on issues impacting area college students. Questions discussed during the forum may include but are not limited to the following: What do you find appealing about the City of Marshfield and a community in general? Do you have an interest in staying in Marshfield after you complete your schooling? What are your biggest concerns about where you live and spend your leisure time? Responses to these and other community based topics that may come up during the discussion will provide valuable feedback in updating the Comprehensive Plan. Your input is important to the growth and development of Marshfield! All are welcome to attend.

For more information about the upcoming forum, please contact Josh Miller at 715-486-2075 or josh.miller@ci.marshfield.wi.us.
