Are you interested in learning about the Comprehensive Plan Update?

Do you have ideas to share with the City about the future of Marshfield?

Marshfield is about midway through updating the Comprehensive Plan - the City's master plan for the future, and the City's Development Services Department is providing an opportunity for you to be involved in the planning process. The Comprehensive Plan is updated every ten years, and this is an opportunity to learn about the information gathered so far and to share your input with City officials. To assist in that effort, the City will be hosting a Town Hall Mid-Term Report meeting with Josh Miller, Marshfield City Planner. Your input is important to the growth and development of Marshfield! All are welcome to attend.

The Existing Conditions Report draft as well as summaries of the public input received so far is available on the City website:
