Topic: Young Professional/Millennial Discussion on Community Planning with the City of Marshfield

Do you have a vision for your community?

Do you have a desire to share your ideas, hopes, and vision for the future of your community? Are there certain aspects that draw you to live and work in a community? Marshfield is in the early stages of updating the Comprehensive Plan - the City's master plan for the next 20 years and the Marshfield Young Professionals group is providing an opportunity for you to be involved in the planning process. The Comprehensive Plan is updated every ten years, so this is a unique opportunity to share your input with City officials. To assist in that effort, the Marshfield Young Professionals will be hosting a forum with Josh Miller, Marshfield City Planner, to get feedback from Millennials and young professionals. Questions discussed during forum may include but are not limited to the following: What do you find appealing about the City of Marshfield and a community in general? What would you like to change about your community or neighborhood? What aspects of a community would encourage you to make that your residence for the next 10-20 years? What are your biggest concerns about where you live and work? Responses to these and other community based topics that may come up during the discussion will provide valuable feedback in updating the Comprehensive Plan. Your input is important to the growth and development of Marshfield!

Snacks and refreshments will be provided during the discussion. For more information about the upcoming forum, please contact Josh Miller at 715-486-2075 or josh.miller@ci.marshfield.wi.us.
