

Non-Zoo Animal Check Off List

Below is a check-off list for many of the non-zoo animals that call Wildwood Zoo home. It is always fun to try and see how many of these non-zoo animals you are able to find during your visit. Some of these animals can be found year round at the zoo and other animals only visit part of the year. All of these wild animals have been spotted on zoo grounds, some are harder to find and blend in well with their surroundings though. If you find any of these animals please leave them alone. Good Luck on your search!
